*Non-faculty members are not eligible to vote on curriculum proposals but may vote on all other committee proposals.

**Because of the centrality of CAS to our Jesuit mission and Core curriculum, the CAS Dean maintains permanent membership on the committee.

Note: The UAAC Chair will communicate with the GAAC chair regarding any UAAC proposal that may impact or be impacted by a graduate-level program or policy.

Note: Should an academic center be authorized to offer undergraduate degrees, a center representative will be added to the committee membership.

Note: Committee members may commission a designee(s) to participate fully (including voting) in the committee member's absence.

Note: With the UAAC chair's approval, any UAAC members may invite other faculty, staff, or students to attend committee meetings as non-voting consultants to offer expertise as needed.
